OCT 2018 - NOV 2018

Lorem ipsum dolor sit amet, consectetur adipiscing elit, sed diam nonummy nibh.

EDUCATION

Visvesvaraya Technological University, Bengaluru — Bachelor of Engineering in Computer Science

AUG 2017 - AUG 2021 (Expected)

Delhi Public School, Bokaro Steel City — Intermediate

MAY 2014 - MAY 2016

PROJECTS

GLUG MVIT — Website for the Technical Club of Sir MVIT

The website has been made for the purpose of event registration and for the contribution in Open Source Project. <https://www.glugmvit.com>

BUZZET — Fintech Webapp

The project was built to be used by a Financial Company. The project aims to autofill the data by taking pictures of ID cards using OCR, take the feedback and provide a platform to make a profit with some business perspective.

Super Market Billing System — Bill generation using C language

This project is built using C programming language. This is meant for the staffs of supermarket at the checkout counters. They just need to type code of each product and it will automatically create a bill and total cost.
